

Digi Connect® EZ 8/16/32

Act Now to Enroll in Our Conversion Assistance Program

Move from Digi ConnectPort® TS to Digi Connect® EZ 8/16/32

To join our Conversion Assistance Program, follow these steps:

- 1 Contact your Digi sales representative or channel partner and request enrollment in the **TS Conversion Assistance Program**.
- 2 Alternatively, you can contact [Digi Technical Support](#) and specify that you're interested in the **TS Conversion Assistance Program**. Please provide your name, the part number, and the serial number of the [Digi Connect® EZ](#) device you intend to migrate to.

Customers who join this program will be assigned a priority number, ensuring they receive prompt assistance for any conversion-related queries and access to comprehensive program details.

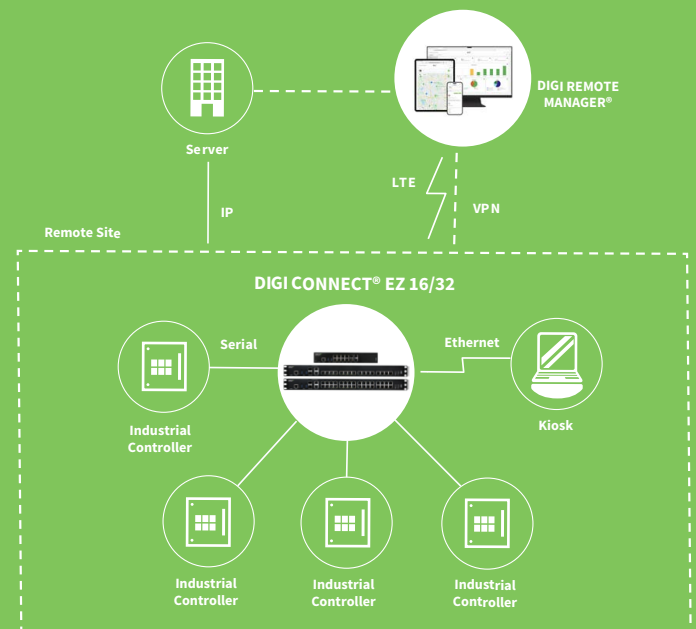

Digi Connect® EZ 8/16/32

- 8, 16, and 32 serial RS-232 or RS-232/422/485 software-selectable ports to connect a wide variety of serial equipment over IP networks
- Dual 10/100/1000 Ethernet with dual SFP+ support
- Digi CORE® LTE module support with single or dual power options
- Micro SD for data logging, two USB ports and optional Wi-Fi, digital/analog IO and four additional Ethernet switch ports
- Ideal for applications requiring COM ports, serial tunneling or TCP/UDP sockets
- Built-in [Digi TrustFence®](#) for device security, secure encrypted connections, ongoing monitoring and support
- Easy setup and mass configuration with [Digi Navigator™](#) and [Digi Remote Manager®](#)

Digi Connect EZ comes with [Digi LifeCycle Assurance](#), our complete service and support program.
