

Digi Data Plans + Digi Axxess VPN

The Ultimate Solution for Cost-Effective Security

Digi Axxess, combined with Digi Data Plans and Digi Axxess VPN, offers unmatched savings, enhanced security, and seamless network management.

Why Digi?

Our negotiated data plans with top providers deliver cost savings directly to you, while Digi Axxess VPN protects your devices by eliminating public IP risks and securing remote access.

How You Save with Digi Data Plans + Digi Axxess VPN

-  **Cost savings:** Lower data costs with secure VPN protection
-  **Secure remote management:** Safeguard IoT devices with private VPNs
-  **Seamless connectivity:** Enjoy reliable, high-uptime performance
-  **Automated updates:** Stay compliant by automating mass updates across the network
-  **Instant alerts:** Get notifications on device and network health

Digi Data Plans + Digi Axxess VPN = Peak Network Efficiency
