Digi LifeCycle Assurance

Enhanced Service and Support to Protect Critical Systems

Digi's built-in connectivity promise.

In a world of increasingly complex connectivity challenges, Digi is creating solutions that provide security, reliability, simplicity, and scalability. Standing behind our commitment to providing the best IIoT connectivity results, Digi introduces LifeCycle Assurance to protect critical systems.

Digi LifeCycle Assurance provides an enhanced level of service and support on new deployments of the following products:
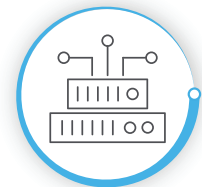

- **Digi AnywhereUSB® Plus**
- **Digi Connect® EZ**
- **Digi Connect® IT 16/48**

Digi LifeCycle Assurance includes:

- 24/7 Expert Technical Support
- 1 Year Premier Access to Digi Remote Manager® — Digi's command center for network control
- 5-year device warranty and technology transition support
